Built for Ease and Support:

Experience Superior Comfort and Support:

Built using a **Legett and Platt mechanism** and a strong yet lightweight **birch plywood frame**, the **Reviver Zero G** delivers on both durability and comfort. Its **exclusive split-back design** molds to the body, ensuring superior support for those using the chair for extended periods.

Features and Benefits:

- **Split-Back Design for Enhanced Comfort:** The **Reviver Zero G** boasts our exclusive **split-back design**, which provides extra flexibility and support for the spine, adapting to the natural shape of the body.

- **Recline and Lift Functions:** Whether you need to recline for relaxation or require assistance in standing, the **Reviver Zero G** offers both **recline** and **lift** functionalities, giving users greater independence and comfort.
- **Exclusive Energex Foam:** The chair is equipped with **Energex foam**, a high-performance material designed to offer both support and pressure relief, making it ideal for individuals who spend long periods in the chair.
- **8 Massage Units for Therapeutic Relief:** Strategically positioned **massage units** provide targeted therapy to relieve tension and promote better circulation, perfect for users with mobility restrictions or those recovering from injuries.

- **Integrated Heat Pads:** For added comfort, the **Reviver Zero G** features **heat pads** placed in key areas to provide warmth and aid in muscle relaxation, making it ideal for long-term use.

Why Choose the Reviver Zero G Chair?

- **Flagship Design:** The **Reviver Zero G** encapsulates everything we've learned from years of designing health furniture, offering unparalleled comfort, support, and therapeutic features.
- **Total Comfort Solution:** With its **split-back design, recline and lift functions, Energex foam, and massage and heat integration**, the **Reviver Zero G** is built to provide long-term comfort and wellness.
- **Innovative Health Benefits:** From **massaging units to heat pads**, this chair offers more than just comfort; it's a therapeutic solution for those who need additional care.

The **Reviver Zero G**—a masterpiece of comfort, support, and therapy. Designed to enhance quality of life for users who need more from their seating, this chair embodies the future of health furniture, from **Oz Interior by Design**.
