Key Features

1. Innovative Storage for Effortless Access

- **Dual Arm Compartments:** Each arm features integrated storage compartments measuring **470mm x 370mm x 80mm**, with two shelves to keep essential items within reach.
- **Strong ventilation motor integrated to the backrest.** Cool air or heat pad will ensure comfort level is highest in all seasons

- **Customizable Options:** Add dividers or inserts for organized storage, tailored to individual or clinical needs.
- **Optional Security:** Lockable compartments ensure safe storage in shared spaces.

2. Built to Handle Heavy Loads

- Supports up to **300kg**, offering unmatched reliability for bariatric users.
- **Seminar HY2420 Mechanism:** A UK-engineered system ensuring smooth, quiet, and effortless operation.

3. Premium Comfort and Durability

- **Upholstery Options:** Luxurious **Italian leather**, or practical **vinyl** and **fabric** options designed for infection control and durability.
- **Dunlop Memory Foam:** Exclusive foam technology molds to the body for superior support and comfort, even during extended use.

4. Advanced Engineering for Multi-Environment Use

- Suitable for **home, healthcare facilities, or assisted living environments**, designed with both patient and caregiver in mind.
- Contemporary, ergonomic design fits seamlessly into any setting.

Applications

For Healthcare and Medical Needs:

- **Medication Storage:** Organize daily doses, syringes, or medical devices like blood pressure monitors or oxygen concentrators.
- **Caregiver Tools:** Store gloves, wipes, or first-aid kits to support efficient caregiving.

For Personal Use at Home:

- **Convenience at Your Fingertips:** Keep everyday essentials like remotes, phones, or glasses within easy reach.
- **Entertainment:** Store books, tablets, or gadgets for leisure during extended sitting.
- **Snacks and Drinks:** Non-spill storage options for added convenience.

Premium Add-Ons for Enhanced Utility

- **Temperature-Controlled Storage:** Ideal for medications or drinks, with cooling and heating options.

- **Secure Compartments:** Lockable shelves ensure peace of mind for shared or clinical settings.
-

Why Choose the TitanAxs Pro300?

The **TitanAxs Pro300** isn't just a chair; it's a **station of convenience**, empowering users and supporting caregivers. With its innovative design, premium materials, and robust engineering, it sets a new standard in bariatric care.
